

Sharing Alaska's Arctic with the World!

Northern Alaska Tour Company operates one-day and multi-day excursions. Destinations visited on these excursions can include the Yukon River, the Arctic Circle, Coldfoot, Wiseman, Brooks Mountain Range, Anaktuvuk Pass, Prudhoe Bay, Utqiagvik, and Denali.

All of our excursions focus on creating an experience that results in each guest coming away from the experience with a deep understanding and appreciation of the natural history and cultural heritage of the region.

We want to work with you and make your Alaska program unique and special for your guests.

Our adventures can be experienced as:

- A dedicated component of a tour itinerary
- An optional activity from Fairbanks
- As a pre/post tour option

We can work with you to design an itinerary that adds value and excitement for your guests.

ITINERARY SUGGESTIONS

We have itinerary suggestions to help you plan for an Arctic experience in your Alaska itinerary. We would be happy to send these to you if you wish to see how you can make your itinerary stand out and sell out.

Denali National Park Adventures

Denali Summit Flight

Experience the “Mountain” and Denali National Park the way only climbers do! One hour 15 minute flight from Denali in the summer.

Arctic Circle Air Adventure — from Denali

Fly north from the Alaska Mountain Range to the Brooks Mountain Range and earn an Arctic Circle Certificate. Learn about life in this remote area of Alaska. Great opportunity if your itinerary does not go to Fairbanks — Guests can experience the Arctic Circle from Denali!
