MEDITERRANEAN MAJESTY

Explore the Mediterranean's diverse landscapes and ancient glories. From celebrated coastlines to iconic cities and UNESCO World Heritage Sites, the region offers myriad options for exploring its rich cultural heritage. Everywhere you look, history has left its mark: in cobble streets smoothed by centuries of activity, in local dishes passed from generation to generation, and in ornate architectural details meticulously crafted by skilled artisans.

Yet, perhaps what really defines this part of the world is its sense of atmosphere and abundance. It seems the Mediterranean knows no middle ground; its rustic villages and islands are impossibly scenic, and its cities are built on a different scale. Whether wine tasting at a local vineyard, gazing at beautifully faded frescoes, or lounging on soft sands, the region invites you to appreciate life's simple pleasures.

TREASURES OF NORTHERN EUROPE

The cities of Northern Europe sparkle with a unique charm, some conjuring a feeling akin to walking onto a medieval film set, others buzzing with an energetic, modern vibe. Reykjavik, Rotterdam, Stockholm, and Oslo, the region offers one gem after another. Nowhere in the world is a pause for coffee and cake a more sacred tradition than in Nordic countries, so be sure to succumb to temptation for a taste of the coffee culture as you explore the sights.

In this famously outdoorsy part of the globe, there's plenty to explore beyond the city boundaries, too, with the surrounding terrain spanning pine forests, glistening lakes, impressive fjords and mountains. An emphasis on clean living and nature's power sets the tone, inviting you to immerse yourself in the landscape. Whether kayaking, hiking, cycling, or taking it easy with a driving excursion, everything from hot springs and thundering waterfalls to traditional stave churches and museums brimming with cultural artefacts culminate in a treat for the senses.

SAGA ISLANDS

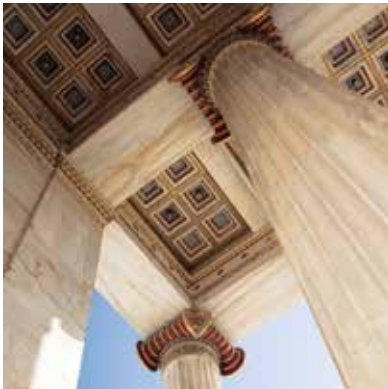

ÅLESUND, NORWAY

From Ålesund, traverse a network of bridges and tunnels to explore two neighbouring islands with deep Viking roots. First is Giske, the birthplace of the great Viking King Rollo. Legend has it, he was so great that no horse could carry him. His action-packed life included conquering Norway, ruling the French region of Normandy, and being the ancestor of William the Conqueror, sire to the English royal family. Then there's the steeply mountainous Godoy, its ancient name derived from words that mean Island of Gods. Stroll through the remote fishing village of Alnes, its red and white striped lighthouse bravely facing down the open Atlantic.
